

# OneHorn

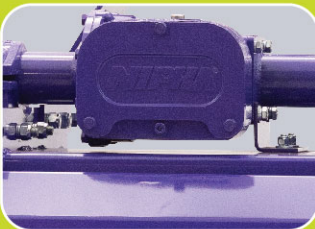

## **FORCE ULTRA**

High quality face seal with four gears & 3.5 ltr gear box

OneHorn FORCE ULTRA is engineered for high-load performance with a specially designed heavy-duty gearbox built to handle the toughest field conditions. Equipped with a 4-gear system and a highcapacity 3.5 litre oil chamber, it ensures superior power transmission, enhanced durability, and smooth, reliable operation. Designed for demanding applications, FORCE ULTRA delivers consistent performance and long-lasting efficiency in every pass.

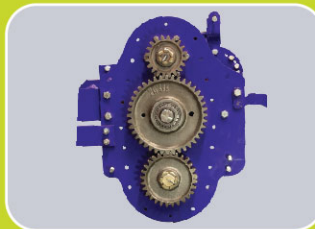

### Salient features

In-house manufacturing assured quality

Duo cone face seal suitable for dry & wet land

EN 353 gears for longer life and supreme performance

Boron steel blade for high durability

### Advantages

Nominal maintenance

Fuel efficient

Best soil preparation

Our strengths

65 years manufacturing legacy

Captive gearbox & parts manufacturing

24/7 after-sales support

## About OneHorn

OneHorn is built to make agriculture more productive, reliable, and rewarding for farmers. Backed by the 65-year manufacturing legacy of NIPHA Group, OneHorn brings proven engineering strength and trusted quality to the field. Our machines are designed with a clear focus on value-driven pricing, ensuring farmers get the right performance at the right cost, without compromise. At the core of OneHorn is a commitment to strong ethics and transparency, so every product delivers consistent performance you can rely on season after season. With a deep understanding of real agricultural needs, OneHorn is not just offering machinery — it is enabling farmers to work smarter, improve productivity, and build a more secure future.
