## **FORCE ELITE**

High quality face seal with four gears & 3.5 ltr gear box

OneHorn FORCE ELITE is engineered for high performance with a specially designed gearbox built to handle demanding field conditions. Equipped with a 4-gear system and a high-capacity 3.5 litre oil chamber, it ensures smooth power transmission, durability, and reliable operation. With an optimized frame design, FORCE ELITE offers an ideal balance of strength, efficiency, and ease of use for versatile field applications.

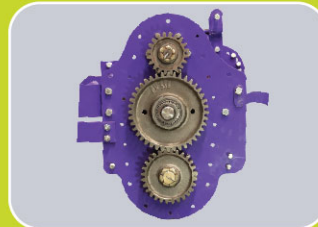

### Salient features

In-house manufacturing assured quality

Duo cone face seal suitable for dry & wet land

EN 353 gears for longer life and supreme performance

Boron steel blade for high durability

### Advantages

Nominal maintenance

Fuel efficient

Best soil preparation

### GEAR RATIO & RPM CALCULATION

PTO INPUT SPEED  540 RPM		PTO INPUT SPEED  1000 RPM	
Gear pair	Rotor shaft RPM	Gear pair	Rotor shaft RPM
17-19	180	14-22	210
19-17	224		
20-16	251	13-23	236
21-15	280		

Our strengths

65 years manufacturing legacy

Captive gearbox & parts manufacturing

24/7 after-sales support

## About OneHorn

OneHorn is built to make agriculture more productive, reliable, and rewarding for farmers. Backed by the 65-year manufacturing legacy of NIPHA Group, OneHorn brings proven engineering strength and trusted quality to the field. Our machines are designed with a clear focus on value-driven pricing, ensuring farmers get the right performance at the right cost, without compromise. At the core of OneHorn is a commitment to strong ethics and transparency, so every product delivers consistent performance you can rely on season after season. With a deep understanding of real agricultural needs, OneHorn is not just offering machinery — it is enabling farmers to work smarter, improve productivity, and build a more secure future.
