

OneHorn

BALE XPERT

One Horn Bale Xpert is a high performance square baler designed for efficient crop collection and uniform bale formation. Built with a robust gearbox and reliable raspe knotter system, it ensures durability, consistent performance and high bale density. With best features, this machine is made to outperform in the toughest field conditions for farmers.

Salient features

- ✓ Wide pickup system for enhanced residue collection
- ✓ Strong compaction mechanism for uniform bale density
- ✓ Digital bale counter for easy monitoring
- ✓ Efficient double-knotter system for secure bale tying
- ✓ Durable steel frame for long service life

Technical specification*

SPECIFICATIONS	DETAILS
Overall dimension (LXWXH) (mm)	4600X2500X1750
Weight (kg)	1630 (Approx)
Collecting width (mm)	1900
Rope box	5
Knotter	Rasspe 6003
Knotter number (unit)	2
Matched tractor power (hp)	≥50
Connection type with tractor	2 point link articulated
Traction mode	Mid-mounted (In line)
PTO speed (r/min)	540
Compress chamber section size (W*H)(mm)	446*364
Bale length (mm)	500-1350
Bale density	Adjustable spring loading (hydraulic for option)

*Specifications are indicative and subject to change at any time

About OneHorn

OneHorn is built to make agriculture more productive, reliable, and rewarding for farmers. Backed by the 65-year manufacturing legacy of NIPHA Group, OneHorn brings proven engineering strength and trusted quality to the field. Our machines are designed with a clear focus on value-driven pricing, ensuring farmers get the right performance at the right cost, without compromise. At the core of OneHorn is a commitment to strong ethics and transparency, so every product delivers consistent performance you can rely on season after season. With a deep understanding of real agricultural needs, OneHorn is not just offering machinery — it is enabling farmers to work smarter, improve productivity, and build a more secure future.
