REVO M

Tilled to perfection!

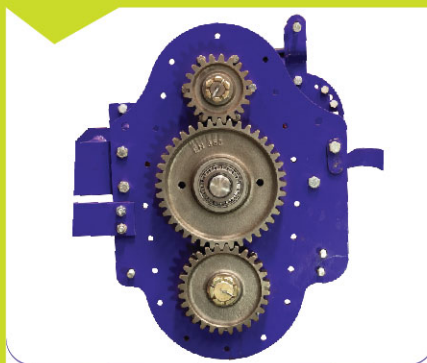

Revo M Series tillers are robust and reliable implements for 25-50 HP tractors, built to perform in challenging and rocky soil conditions. With a sturdy construction and heavy duty gearbox, they deliver consistent performance, enhanced durability, and efficient soil preparation, ensuring dependable operation even under demanding use.

Salient features

In-house manufacturing
assured quality

EN 353 gears for longer life and
supreme performance

Boron steel blade
for high durability

Technical specification*

Characteristics	Revo M 53	Revo M 56	Revo M 60	Revo M 72
Overall length (mm)	1500	1649	1775	1970
Overall width (mm)	940	940	940	940
Overall height (mm)	720	720	720	720
Working width (mm)	1500	1500	1651	1829
Tractor power (hp)	25-40	25-40	30-45	35-50

About OneHorn

OneHorn is built to make agriculture more productive, reliable, and rewarding for farmers. Backed by the 65-year manufacturing legacy of NIPHA Group, OneHorn brings proven engineering strength and trusted quality to the field. Our machines are designed with a clear focus on value-driven pricing, ensuring farmers get the right performance at the right cost, without compromise. At the core of OneHorn is a commitment to strong ethics and transparency, so every product delivers consistent performance you can rely on season after season. With a deep understanding of real agricultural needs, OneHorn is not just offering machinery — it is enabling farmers to work smarter, improve productivity, and build a more secure future.
