

OneHorn

REVO H

Tilled to perfection!

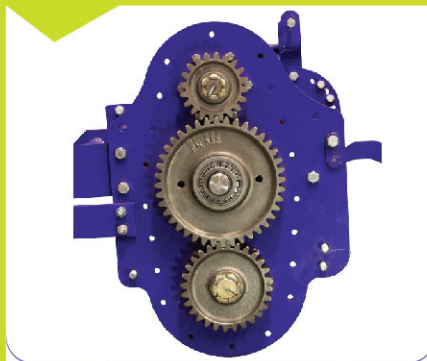

OneHorn Revo H Series heavy-duty rotary tillers are designed for 40-65 HP tractors, built to perform in the toughest field conditions, including dense and rocky soils. With robust construction and a heavy-duty gearbox, they deliver superior durability, consistent performance, and reliable operation season after season.

Salient features

In-house manufacturing assured quality

EN 353 gears for longer life and supreme performance

Boron steel blade for high durability

Technical specification*

Characteristics	Revo H 56	Revo H 60	Revo H 72	Revo H 84
Overall length (mm)	1655	1834	2063	2292
Overall width (mm)	1055	1055	1055	1055
Overall height (mm)	795	795	795	795
Working width (mm)	1500	1681	1910	2139
Tractor power (hp)	40-55	40-55	45-60	50-65
Three point hitch	CAT - I & II			
No of blade (c/l type)	36	42	48	54
Pto speed (rpm)	540			
Side transmission type	Gear			
Rotor shaft speed rpm @540	241			
Max working depth (mm)	190			
Rotor tube diameter (mm)	89			
Blade type (standard)	Curved			
Driveline safety device	Slip clutch			
Weight (kg)	359	390	420	450

About OneHorn

OneHorn is built to make agriculture more productive, reliable, and rewarding for farmers. Backed by the 65-year manufacturing legacy of NIPHA Group, OneHorn brings proven engineering strength and trusted quality to the field. Our machines are designed with a clear focus on value-driven pricing, ensuring farmers get the right performance at the right cost, without compromise. At the core of OneHorn is a commitment to strong ethics and transparency, so every product delivers consistent performance you can rely on season after season. With a deep understanding of real agricultural needs, OneHorn is not just offering machinery — it is enabling farmers to work smarter, improve productivity, and build a more secure future.
