

OneHorn

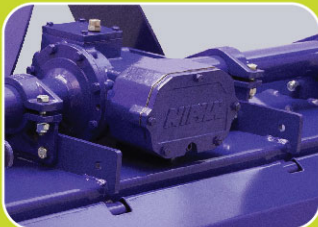

FORCE PRO

High quality face seal with multi gear

OneHorn FORCE PRO delivers reliable performance with a high-quality gearbox designed for efficient operation across a wide range of field conditions. Featuring a multi-gear system and durable face seal technology, it ensures smooth power transmission and consistent results. Built with the same trusted engineering as the FORCE range, it offers an optimal balance of performance, durability, and value.

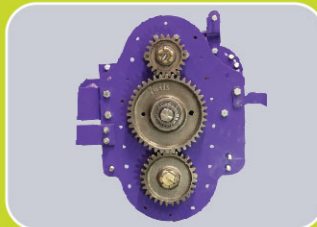

Salient features

In-house manufacturing assured quality

Duo cone face seal suitable for dry & wet land

EN 353 gears for longer life and supreme performance

Boron steel blade for high durability

Advantages

Nominal maintenance

Fuel efficient

Best soil preparation

Technical specification*

MODEL	CHANGE GEAR	ROTOR RPM	TRACTOR HP	TOTAL WIDTH		WORKING WIDTH		WEIGHT	L TYPE	L/C TYPE	J BLADE
				CM	INCH	CM	INCH	KGS	NOS	NOS	NOS

About OneHorn

OneHorn is built to make agriculture more productive, reliable, and rewarding for farmers. Backed by the 65-year manufacturing legacy of NIPHA Group, OneHorn brings proven engineering strength and trusted quality to the field. Our machines are designed with a clear focus on value-driven pricing, ensuring farmers get the right performance at the right cost, without compromise. At the core of OneHorn is a commitment to strong ethics and transparency, so every product delivers consistent performance you can rely on season after season. With a deep understanding of real agricultural needs, OneHorn is not just offering machinery – it is enabling farmers to work smarter, improve productivity, and build a more secure future.
